Copy 72 of 8

15 March 1956

Joe -

As a follow-up on action taken during the recent Suppliers' Meeting on February 29 - March 1, 1956 to initiate film procurement to satisfy initial film requirements for our project, the attached authorization is transmitted to you as a contract requirement under FP-1034. Will you, therefore, proceed to place orders for the designated quantities of film. These quantities are in accordance with Mike's memorandum of 24 February 1956, a copy of which was given to you at the Suppliers' Meeting.

I trust that in due course of time you will be able to price out the film to us so that contractual and budgetary considerations inherent in further procurements can be solved.

Thanks

George
